

# VERMONT RIVER CONSERVANCY

*Conserving Shorelands and Access*

September 2, 2020

Julia Andrews  
Selectboard Chair  
Town of Westford  
1713 VT Route 128  
Westford, VT 05494

Dear Julia,

The Vermont River Conservancy enthusiastically supports the 1705 VT Route 128 project as a “dual goal” effort to create perpetually affordable housing and establish a permanently conserved public access area along the Browns River adjacent to the proposed housing area. VRC has met with the Westford Planning Commission at the site and has agreed to assist the Town and other organizations in securing the property and seeking funding to accomplish the dual goals.

VRC is also happy to serve on the Steering Committee and provide at least \$500 worth of in-kind services.

Thank you for this opportunity to participate in a very important and forward thinking project.

Sincerely,

Steve Libby  
Executive Director
